

ONLINE + MOBILE BANKING ENROLLMENT INSTRUCTIONS

In order to access our upgraded online and mobile account access through It'sMe247, you will need to re-enroll in our system. Good news! Once you are enrolled, you'll be able to use the same login information to access your accounts through the PFCU mobile app. You only have to enroll once and you'll be set.

From the mypfcu.org home page, click the It'sMe247 icon in the upper-right-hand corner of your screen. Then:

STEP ONE:

You will be prompted to enter a **username** and **password**. Your temporary username will be your 9-digit member number. Your temporary password will be the last four digits of your Social Security number followed by the four digits of the year you were born.

username: 9-digit member number
password: last 4 of SSN + 4-digit birth year
Login

STEP TWO:

You will be prompted to change your password. To protect the privacy of your accounts, always keep your username and password confidential. Please note that you can reuse your previous PFCU password.

STEP THREE:

Select three security questions and answers.

STEP FOUR:

Accept the Online Banking User Agreement.

STEP FIVE:

Create your username. Please note that your User Name cannot contain your first or last name. You can reuse your previous PFCU username.

You're all set!

Once you are re-enrolled, we encourage you to check out the new features of our upgraded systems. You can sign up for **eStatements**, **eAlerts** and **text banking** by going to the "Products and Services" section of the Info Center.
