## How To View Online Access in Spanish

You will need to set your Internet Browser language to Spanish for it to be displayed.

## If **Chrome** is your web Browser:

**STEP 1:** Open up a browser and click on the 3 dots on the top right. A drop-down box will appear. Click on "Settings." It's the 3<sup>rd</sup> one from the bottom.

**STEP 2:** The Settings box will open up on the left side of the page. Click on "Languages."

**STEP 3:** Click on "Add languages." A box will pop up (not pictured here). Scroll down and click on "Spanish." Spanish will now be added to the list of preferred languages.

		K
Websites will show content in your prefe	rred languages, when possible	Add languages
1. English (United States)		
This language is used when trans	lating pages	: 🔶
This language is used to display the	he Google Chrome UI	
2. Spanish	Display Google	Chrome in this language
3. English 🦰	> Move to the top	
	Move down	P
all check	Remove	

**STEP 4:** Click on the 3 dots to the right of "Spanish." You can't see it by "Spanish" in the picture above because the box is in the way. You can see the 3 dots to the right of "English". Click on the 3 dots to the right of Spanish. A box will pop up. Click on "Move to the top."

That will do it. You'll have to close up the browser and then open a new one and go to <u>www.mypfcu.org</u> and click on "Login" under "Online Access." When you log in, your home banking page should look like this:
